

**ACTION  
ONE-PAGER**

**National Community Health  
Worker Training Center**

## **Access to Cancer Training, Information, Outreach, and Navigation (ACTION) Project**

### **ACTION Project**

ACTION targets four priority geographic areas in Texas with significant disparities related to cancer incidence, mortality, screening, and risk factors: Lower Rio Grande Valley, Coastal Bend region, the extended Brazos Valley, and Northeast Texas.

The project packages and disseminates CHW materials related to breast, cervical, colorectal, liver, and lung cancer education, navigation, and outreach. CHWs in the priority regions will have access to certified training via online format.

Project efforts are funded by the Cancer Prevention & Research Institute of Texas (PP20055).

CANCER PREVENTION & RESEARCH  
INSTITUTE OF TEXAS

### **Dissemination Partners**

We are seeking fellow CHWs or CHWIs, CHW programs and training centers, and/or employers of CHWs to help us disseminate these resources and aid our reach. Through in-person training, online resources, and ongoing technical assistance, we will host ongoing monthly meetings to equip your implementation of successful cancer education and navigation programs for your community.

### **Become a Dissemination Partner Today!**

To sign our MOU and participate in Dissemination Partner activities. [Click here!](#)

### **Register Today for Upcoming Meetings on Eventbrite!**

Monthly meetings are optional to attend, and open to both formal Dissemination Partners and those interested. [Click here!](#)

### **Dissemination Partner Activities:**
